DATE: 9 MAY 1988

PAGE 1 OF 2

TO: ALL OWNERS AND OPERATORS OF MCDONNELL DOUGLAS HELICOPTER COMPANY
369 SERIES HELICOPTERS, INCLUDING THE 369A (OH-6A) SERIES HELICOPTER.

AVAILABILITY AND DISTRIBUTORS OF TRI-FLOW LUBRICANT/WASH

Tri-Flow lubricant, used to clean and treat the main rotor hub and the main rotor strap pack assemblies, can now be obtained from those distributors listed below.

Operators in Central and South America are advised to obtain their Tri-Flow lubricant from Thompson and Formby, Inc. of Memphis, Tennessee.

NOTE: Operators are advised to adhere to the manufacturers instructions when preparing and applying Tri-Flow lubricant. Tri-Flow lubricant must be thoroughly mixed before being applied as Tri-Flow ingredients separate when left standing for long periods of time.

Operators may obtain Tri-Flow lubricant from the following sources when accomplishing the requirements of Part 1 of Service Information Notices HN-214, DN-154, EN-44 and FN-33 dated 15 January 1988.
